

BLUEBERRY PIE-BAKING CONTEST

At the Craftsbury Farmers Market 's
Vermont Blueberry Festival

July 31, 2021

All entries should report to the pie contest table by 11:00 with their pie and a completed entry form. Market vendors may not enter, sorry friends. "Blueberry Pie" is up to your own interpretation, so long as it includes blueberries as a main ingredient. There are no categories, just one glorious and yummy collection of pies to be judged with all the personal biases of a group of your community members.

A \$50 Farmer's Market Money prize will go to the winner!

So get baking!!!

Name: _____

Description of pie: _____

Contact info: phone# _____ email: _____

More information about contest guidelines:

*The stakes are high, the competition fierce, but this is just for the fun of it!

*One entry per person.

*All ages and baking levels welcome. As stated above all pies will be competing as one category.

*Pies can look traditional or not, they can come in many shapes and sizes. The one requirement is that blueberries are featured as a main ingredient.

*Your pie will be assigned a number, and judges will not know who baked which pie.

*Judges will rate each pie from 1-5, then retaste the highest rated pies, if more than one, and confer to choose a winner.

*Judges will follow their gut, literally, and judge each pie on the qualities they feel make for good pie. No guidelines will be given to the judges on this.

*After the judges have completed their task of choosing a winner, paper plates and forks will be available for bystanders to try some. Must be present to taste.

*Leftover pie and dishes should be picked up by the baker by the end of the market, or when you need to leave. If you leave your dish and Kris has to take it home and wash it for you, you will owe her a pie.
